

I, the undersigned, hereby as owner of the SOFTWARE collectively known as ZELDA CLASSIC, including but not limited to the ZQUEST game editor, the ZELDA CLASSIC (a/k/a/ ZQUEST CLASSIC) GAME PLAYER, the ALLEGRO DAT FILES, the GAME ASSETS FILES, the ZCL launcher software, and other components of all of the above (hereafter "ZC"), and as owner of ARMAGEDDON GAMES (hereafter "AG"), hereby immediately TERMINATE THE GNU PUBLIC LICENSE VERSION 3 (hereafter "GPLv3") in use by the following people:

ROBERT VENEZIA, (a/k/a "EMILY VENEZIA", a/k/a "VenRob", a/k/a "EmilyV, the latter two being past and present usernames on the [PureZC.net](https://PureZC.net) forum, and on the Discord chat service on the PureZC Discord server, the AG Discord server, and other Discord servers related to use and development of ZC), a former developer of ZC.

JOSHUA FITZGIBBON (a/k/a "Dimentio", a/k/a "Deedee", the latter two being past and present usernames on the [PureZC.net](https://PureZC.net) forum, and on the Discord chat service on the PureZC Discord server, the AG Discord server, and other Discord servers related to use and development of ZC), a former contributor to ZC.

CONNOR CLARK, (a/k/a "connor.clark", the latter being past and present usernames on the [PureZC.net](https://PureZC.net) forum, and on the Discord chat service on the PureZC Discord server, and other Discord servers related to use and development of ZC), and owner of the website <https://hoten.cc/>, a former developer of ZC.

I am executing this LICENSE TERMINATION per the provisions of GPLv3 §8¶1, which states:

*You may not propagate or modify a covered work except as expressly provided under this License. Any attempt otherwise to propagate or modify it is void, and will automatically terminate your rights under this License (including any patent licenses granted under the third paragraph of section 11).*

The authorized methods of PROPAGATION and CONVEYANCE are covered in GPLv3 §4, and GPLv3 §5, and GPLv3 §6. In all definitions under the GPLv3, the license only permits the entity CONVEYING or PROPAGATING a work to do so with a *copy* of the work: It does not permit the licensee to remove, move, or otherwise modify a *MASTER CODE BASE* to a location *controlled by another entity*; theirs being located at: <https://github.com/ZQuestClassic>.

As the three above named licensees did on, or within 48 hours before the date of September 14th, 2023, REMOVE THE ORIGINAL CODE REPOSITORY for ZC from the control of AG and placed it on a GitHub service page exclusively run by them.

They have broken the allowed methods of CONVEYING ZC, and are in MATERIAL BREACH of the GPLv3 license.

We kindly request that you return the repository to our organization on GitHub. This action would help rectify any potential violations of the GPL-3.0 and allow us to continue our collaborative development efforts on this project.
